

Celebrate the Magic

Every month of the year there are many different things to celebrate. During this group time, for preschoolers, we will be acknowledging various monthly things that are recognized—such as Honey Month, Kite Month, Soup Day, etc.

We will be doing this through books, songs, sensory experiences, art, etc.

Go through your closets and bring in costumes and accessories from year's past that you will never wear again and that your kids have outgrown. Please bring in *gently used and clean costumes*.

Find something new-to-you for dress up or play or Halloween.

For every costume or accessory (wigs, hats, ears, hair, etc.) you donate you will receive a ticket to swap out for a new one.

You can drop off costumes and accessories at the Children's Room from now until Thursday, October 12th.

Reading with Miss Marilyn's Spaniels

October 16th—November 20th

Signups begin October 1st

Ms. Marilyn Thayer and her credentialed family therapy pets Vi invite children to practice and improve their reading skills. Vi loves having children read to her and is very loving and accepting of all individuals. Children will be able to read in a relaxed and non-judgmental atmosphere. Each 20-minute session will include a meet and greet and then reading time. Please feel free to bring your favorite books to read or borrow some from the library.

Call or come into the library to sign up for one or more sessions. You can sign up for multiple sessions, but please do so for only 2 weeks at a time so we can accommodate as many participants as possible.

Tuesday Afternoon

4:00 to 5:00 pm

...okay to join for the entire hour or less time. It's fun, free and lots of cooperative play goes on with kids of all ages!

Library Lego-mania!

Check website or calendar for specific dates

It's a BLOCK PARTY every Tuesday afternoon! LEGO building bricks and DUPLOs are available for kids of all ages to build with and have fun. A different challenge is presented each time. Builders informally share their creations at the end of the session. Children younger than 6 must have a caregiver in the room, but older kids may build independently while parents are nearby in the library. Some LEGO creations are displayed in the library's display case in the lower level of the library.
